

Compton PC Traffic Committee Report for Meeting on 21 November 2018

1. Down Lane

SCC have confirmed that they have no budget for any improvements in the current financial year.

2. AQMA - Traffic Pollution

2.1 GBC have until mid-2019 to come up with an action plan to reduce the level of pollution in the Air Quality Management Area on the Street.

2.2 They have commissioned various additional traffic studies in the AQMA but have not released any information as yet. They currently have two sets of traffic tubes in the village.

2.3 They have made one decision and that is to ban right turns from the Street into Down Lane. This will stop the mini queues which build up from time to time right in the AQMA.

2.4 I have been asked to call GBC to discuss the AQMA on 20 November, so I hope to have some further information for the meeting.
