

## **Compton PC Traffic Committee Report for Meeting on 15 May 2019**

### **AQMA**

1. GBC have just come out with a further consultation document on the AQMA in the Street, Compton. It can be found at:  
<https://www.guildford.gov.uk/aqmaconsultation>
2. The consultation will run for 3 weeks and closes on 24 May 2019.
3. In essence, GBC believe that stopping the ability to turn right into Down Lane (and using instead the roundabout by Compton Nurseries and then turning left into Down Lane) will reduce NO<sub>2</sub> levels to below the necessary threshold. And the one specific spot where this level is not reached, then improving technology in diesel engines will do the rest over the next few years. The “no right turn” is the only recommendation in the report.
4. I will be working with Fiona Curtis to produce a response on behalf of the Traffic Committee (and therefore the Parish Council) and this will be circulated to the Parish Council before it is submitted. Fiona has very kindly produced some initial thoughts are these are attached.
